

# OMEGA

Simplify and manage your desk with easy access to power and data with the in-desk or screen mounted Omega unit.

# OMEGA

The Omega system allows the user to customize the number of power, voice/data, switch and protection devices according to their individual needs as well as specify the layout.

Designed to be a cost effective solution, it is available in a standard, dual, or hybrid power option. Power protection modules or dual voltage systems can also be included if required. Omega is also available in a Slimline range.

1 x UK individually fused | 2 x data points | Dual smart charge USB | Cut-out dimensions 212x55mm

**POWER LOGIC** are the recognised market leader throughout the world. As such we can supply all our power products with a vast range of approved international power sockets. (full details in the technical brochure).

We stock a vast range of Data and AV interfaces that can be fitted within the Omega range (full details in the technical brochure). We also stock the associated cables in lengths from 1 to 10 metres.

Units can be assembled in almost any configuration with a wide variety of combinations of power outlets, peripherals, colours and finishes.

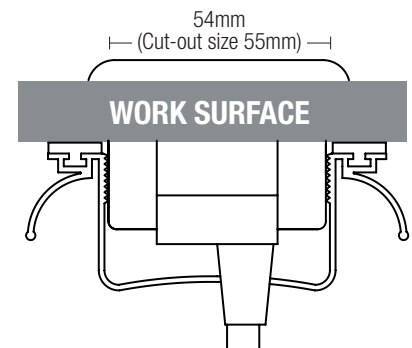

**DIMENSIONS (Omega)**

Cut-out width: 67mm  
 Cut-out length: Determined by configuration  
 Height: 42mm

**WORK SURFACE THICKNESS:**

15mm-35mm (approx. 3/5" - 1 3/5")

**DIMENSIONS (Slimline Omega)**

Cut-out width: 55mm  
 Cut-out length: Determined by configuration  
 Height: 50mm

**ELECTRICAL**

Operating Voltage: 220V - 250V @ 50 Hz, 110V - 125V AC @ 60 Hz, Current: 15A  
 Max Power: 1800W @ 110V - 125V AC, 3000W @ 220V - 250V AC
