IN-DESK
PUNTO PLUS

The Punto Plus 80mm Grommet fitting includes Power USB Charging and option for Data, HDMI or USB Data transfer as well as pull through feature.

Our latest addition to the Punto Range is the Punto Plus. With it's unique ability to provide Power, Charging USB, Data/AV and Pull Through capability in an 80mm Grommet, this small product packs a punch.

The Punto Plus is quick and easy to insatll and with a quick release peripheral, can easily be customised to individual requirements.

Peripheral Options include RJ45, USB, HDMI, Audio or a simple blank plate if no additions are required.
