

# Cobá maxi 24

1000W multi-way  
distribution hub.  
10 outputs of  
100W each

- Industry leading efficiency using our new energy conversion circuitry enabling power conversion rate of up to 95%,
- Supplies 1000W of power, and charges 10 sets 100W MacBooks/Laptops or mobile phones simultaneously.
- Smart Management and Temperature Control System: Features intelligent current monitoring, over-voltage and over-temperature protection, ensuring the safety of connected devices and overall reliability.
- Incorporates advanced EMI/EMC filtering technologies to prevent disruptions and ensure compliance with industry standards
